About Us

As one of India's largest real estate companies, we believe, that we are really in the business of development. Seeking to meet the needs of the present generation, without compromising the future of generations to come.

Over three decades, Housing Development & Infrastructure Limited (HDIL) has established itself as one of India's premier real estate development companies, with significant operations in the Mumbai Metropolitan Region. HDIL is a public listed real estate company in India with shares traded on the BSE & NSE Stock Exchanges. The company's completed projects cover 100 million sq. ft. of land Development and an additional 4.31 million sq.ft. has been developed under slum rehabilitation schemes.

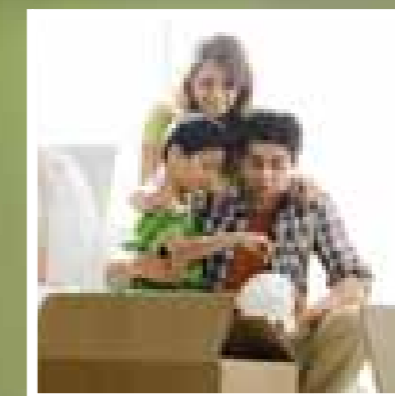

With operations spanning every aspect of the real estate business from residential, commercial and retail projects, slum rehabilitation to land development, HDIL was ranked as India's fastest growing real estate company by Construction World-NICMAR in October 2007. Our residential projects

range from apartment complexes to towers to townships. Our commercial projects comprise premium office spaces as well as multiplex cinemas. In retail, we focus on building world-class shopping malls and Entertainment Complexes.

We also handle slum rehabilitation projects under a Government scheme administered by the Slum Rehabilitation Authority (SRA), offering development rights in exchange for clearing and redeveloping slum lands, while providing replacement housing for the displaced slum dwellers.

As India's largest slum rehabilitation company, HDIL has been awarded the prestigious Mumbai International Airport Slum Rehabilitation project in October 2007, a critical component of the modernisation and expansion plan for Mumbai airport and one of the largest urban rehabilitation projects in India declared as a "Vital Public Project."

HDIL has also diversified into energy, hospitality and SEZs.
